

## **Human Subjects Training Requirements**

Human Subjects Training is required for all Investigators, Faculty, Staff and Students conducting research with human subjects at the University of Arizona.

There are two CITI Training options for Investigators to choose from, depending on the type of research they will be conducting:

Social & Behavioral Research BASIC Course or Biomedical Research BASIC Course

Required for Non-Medical Surveys, Interviews, etc.

THE UNIVERSITY OF ARIZONA

Research

Innovation & Impact

- Both training courses include the Native American Research Module, which is required training for all University of Arizona researchers.
- Both CITI certificates are valid for four (4) years, after which refresher training must be completed.
- Please keep a copy of your training certificate for your records.

## Where Do I Complete the Human Subjects Training?

The human subjects training courses are available through UA EDGE Learning or directly from the **CITI Program Website**.

For more information about HSPP training requirements, including training requirements for outside investigators, please visit the HSPP Website.
