

## Introducing Platinum Pro® Unleash The Power of Proteomics in Your Lab JOIN OUR TECHNICAL SEMINAR Lunch & Learn

**Location:** BIO5 Institute Conference Room 103

**Date:** Tuesday May 27, 2025

**Time:** 12:00-1:00 PM

**RSVP:** [John.Ahrens@avantorsciences.com](mailto:John.Ahrens@avantorsciences.com) or M:(520)246-1809

- **Presenter:** David Dickey, PhD, Sr. Field Application Scientist, Quantum-Si

- **Agenda:**

**Part 1:** Learn how Platinum Pro® Next-Generation Protein Sequencer™ offers Protein Identification and discovery workflow multiplexing tools with single Amino Acid resolution within biological samples.

**Part 2:** Live Data Analysis Demo

- **Applications:**

- Protein Identification workflows
  - Protein Variant Detection
  - Single and Complex Protein ID
  - In Gel Digest Protein ID
  - Disease Biomarkers
- Protein Barcoding workflow
  - Quantitative Multiplexed Protein Expression & Localization tool in vitro and in vivo screening
  - mRNA, Protein, or Antibody cargo delivery (LNP validation)
  - Antibody Screening/Characterization
  - AAV Target Screening

Product Name	VWR Cat. No.
Platinum® Pro	77778-306
Premium Service Contract	77778-304
Advanced Training	77778-302
Sequencing Kit V3	77778-310
Library Preparation Kit V2	77778-308
Barcoding Kit	77778-314
Sequencing Control Peptide V3	77778-312
