

THE UNIVERSITY OF ARIZONA

APPLIED RESEARCH CORPORATION

Please Join us for Our

Partnering Ignites Innovation Discussion Panel

On

March 31st, 2021

from

11:00 to 12:00 (MST)

Please join the University of Arizona Applied Research Corporation (UA-ARC) for a one-hour virtual panel discussion about how the fourth industrial revolution will change the way we approach the intelligence and cyber domains.

The focus of the panel will be to kick start the first annual Southern Arizona Intelligence Summit (SAIS) Conference (7-9 April, 2021) by bringing together UA-ARC Partners in academia, defense, and industry. As the Title Sponsor for the SAIS Conference, UA-ARC would like to use the pre-panel to promote the conference as well as some of our capabilities as an organization. Following a brief overview, we will open the discussion to our panel to further the conversation as to how we can better support our partners.

I look forward to seeing you there!

Austin K. Yamada
President and CEO
University of Arizona Applied Research Corporation
