Guidance for Proposals
Due Over Winter Closure
(and immediately after!)
Due to the Holidays and University Winter Closure, Sponsored Projects Services (SPS) will close Thursday, December 23rd, 2021 and will not reopen until Monday, January 3rd, 2022.

*If you would like your proposals **due January 4th, 2022 – January 5th, 2022 submitted prior to Winter Closure**, please route them and have them at SPS Preaward Services no later than **Friday, December 17th, 2021 by 8am** and **include the request to submit prior to closure in the Notes.**
Please be advised that the **Three-Day Deadline** is in place to ensure Preaward Services has adequate time to review and address any issues that might arise upon review of the proposal. Please note the three day deadline requires **three full business days before the sponsor deadline** and the proposal must be in its final form.

**Tips for successful routing:**

- If an Investigator intends to be on travel status while their proposal is routing, please ensure that the VPN and NetID+ are set up and tested/available for use during that travel.
- Investigators can print out a list of NetID+ one-time use codes in advance if they will be unable to receive push notifications or generate codes during their travels.
- If Co-Investigators or other Key Personnel are included in routing, please follow up with them to ensure that routing is not held up while the proposal sits in their action list for approval.
- Please contact SPS Preaward Services (**sponsor@email.arizona.edu** or 520-626-6000) as early as possible should any issues arise to enable us to discuss possible solutions.

A limited-time proposal routing and approval tool has been created for use during the UAR system conversion. This tool obtains limited approvals (PI, Lead Unit, College) and provides SPS with the minimum information they need to review, approve, and submit proposals during the system downtime.

• **PI, Lead Unit, and College must approve** before Sponsored Projects will receive and take action.

• **No cost-share will be accepted** unless it is accompanied by appropriate documentation of approvals from the responsible parties.

• After go-live on January 25 and before close-of-business March 4, **Proposal Initiators will be responsible for fully entering any proposals submitted using this tool into the updated UAR system** in accordance with normal practice and requirements and fully routing for ALL approvals.

• **If all approvals are unable to be obtained by close-of-business March 4, the proposal may be withdrawn from consideration.**
Proposal Tool for UAccess Research Cut-Over

for use January 15-26 only!
The next several slides are screenshots of the UAR System Conversion Proposal Submission Tool. Be aware that not all questions display, as some are conditional (annual budget costs, costshare details, human and animal subjects details, foreign collaboration details).

A .pdf guide will be attached with the RA Forum slides on the webpage: https://research.arizona.edu/research-resources/training/administrators.

The link to the actual tool itself will be released to campus via RAMTalk and on the Research website January 14, 2022.

F&A Rate Information

On/Off Campus *
Guidance:
The off-campus rate is applicable to those projects that are conducted in facilities not owned, leased or operated by the University.
If the project is conducted in leased space and lease costs are directly charged to the project, then the off-campus rate must be used. A project is considered off-campus if more than 50% of its salaries and wages are incurred at an off campus facility.
If a project is determined to be off-campus, it shall be considered wholly off-campus. Separate on and off-campus rates will not be used for a single project.

Success!
The proposal has been routed to the Principal Investigator for review/approval. The proposal will then route to the Lead Unit, College, and Sponsored Projects Services. You will receive an email notification at each action (approve, request changes, decline) from each route-stop so that you always know exactly where your proposal is.

Once a temporary proposal ID has been assigned to your proposal, you will receive a separate email providing that ID and a brief proposal summary.

You may now navigate away from this screen.
Training & Resources for UAccess Research Update

resources and opportunities
Four different training sessions are being offered with multiple timeslots each to ensure the broadest audience participation:

- **Orientation/Overview of Changes** – these sessions will demonstrate new features such as the Dashboard and Search Records, as well as introduce people to the new layout and style.

- **Proposal Development** – these sessions will focus on proposal creation, completion, submission, routing, and next steps. We’ll discuss new requirements, and where to locate things that may have shifted.

- **PI/Co-I/Key Personnel** – these sessions will focus on what each role is required to review and approve in UAccess Research proposals, as well as best practices for coordinating changes while proposals are en route.

- **Department/College/Responsible Unit** – these sessions will focus on what responsible units are required to review and approve in UAccess Research as well as best practices for coordinating changes while proposals are en route.
