The top 3 prize preferences for each participant will be considered and distributed as available. For example, if a participant comes in first place (total points) and their top 3 prize preferences are [Biosphere 2 Ticket, Arizona Camelback Water Bottle, Portable Utensil Set], then they will be guaranteed a Biosphere 2 ticket since they came in first and their first choice was a Biosphere 2 ticket. If that same participant comes in 90th place (total points), they may receive the portable utensil set or a different prize depending on the available prizes left at that point in distribution.
